What is VET FEE-HELP?

VET FEE-HELP is an Australian Government funded loan scheme that aims to support eligible students to break through the financial barriers in enrolling into a diploma qualification. There is no upfront payments for the Diploma course as the government loan will pay course fees directly to Diversity Skills Training. The loan cannot be used for additional study costs such as text books.

How does it work?

VET FEE-HELP is part of the Higher Education Loan Program that allows all eligible students, regardless of their financial background or employment status to access this Australian Government loan scheme.

Once the student is working and their income is above $53,345 (the minimum income threshold), they will begin to make repayments on the loan through the Australian Taxation Office (ATO).

How do I apply?

To use the VET FEE-HELP loan, you will need to have a valid Tax File Number (TFN). Repayments, once your income reaches the minimum income threshold, will be made through the Australian Taxation system. If you do not have a TFN, you will need to apply through the Australian Taxation Office (ATO) for one. Once you have your TFN, you will need to fill out a Request for VET FEE-HELP Assistance Form.

What is a census date?

A census date is the last day you can access a VET FEE-HELP loan and/or withdraw your enrolment without incurring the cost or debt for that unit.

What if I choose not to access VET FEE-HELP?

Eligible students can choose not to access VET FEE-HELP and choose one of our many payment options to pay for their course. You can pay up-front or on interest free instalments weekly, fortnightly or monthly – whichever suits you.
